"Individual rate"

(discount from 5% to 15%)

Aeroflot has provided participants of the International ATC Hockey Tournament with the individual rate option in the cities where the airline operates flights.

The rate operates individually for each passenger , the discount depends on the fare:

"Economy Saver" – 5%

"Economy Classic"-10%

"Economy Flex" – 15%

Restrictions on the dates of travelling : 5 days prior to the start day of the tournament – 5 days after the end date of tournament, it means that the travel must begin no earlier than 5 days before the start date of the tournament, while travel back can be at the latest 5 days after the end date of the tournament;

Travel is permitted only to the city venue of the tournament (St. Petersburg) and back.

For those who wish to stay in Moscow not more than 5 days, you need to book the hotel (Courtyard Moscow City Center) in advance as it needs to get a confirmation letter which in turn required for a visa process.

OC will provide with a transfer and one excursion those who are staying in Moscow. Our participants can count on us. If you have a plan or wish to see something special just write and we'll try to organize or give a tip on where to make your time in Moscow unforgettable .

Aeroflot operates from only 4 cities in America: Washington, New York, Miami, and Los Angeles. Unfortunately no any cities from Canada. In this case Canadians who are planning to travel by Aeroflot need to get to one of the above cities in the US. You can check the schedules on www.aeroflot.ru

In order for Aeroflot to file the fare each team captain has to send the following information till 10th November via an email to the OC:

1. Travel route of each individual member or group (including players and non-players);
2. Approximate number of passengers (including players and non-players).

We will get promo codes and send them to you in accordance to previously submitted information. Every promo code is available for each person.

Once a participant has received a promo code he/she should follow the link (which will be sent to you with the promo codes) and input it to see the fare.

Obtaining information on Aeroflot individual fares does not mean that you should buy these

tickets, you can compare fares of other airlines and if the option with Aeroflot promo code is better, then feel free to apply it. You can choose other airlines with rates that suit you best

It sounds a bit complicated, but we'll manage it.

Best wishes!
